

Carroll Earns Board Certification

Brian Carroll Earns Board Certification in Construction Law

The Texas Board of Legal Specialization recognized Brian Carroll as part of the first class of Board Certified Construction Lawyers in Texas. Currently in Texas, less than one lawyer in one-thousand holds this certification. Additionally the firm is proud to be the only Texas firm outside of the major metropolitan areas of Houston, Dallas/Fort Worth, Austin and San Antonio to have a Board Certified Construction Lawyer as part of its practice.
