

Construction Law

Construction Law

Experienced, Board Certified, Construction Law Attorneys Serving the Construction Industry in Texas and Across the Country

Construction law is the primary focus of every attorney at our firm. We represent subcontractors, contractors, vendors, owners, and design professionals in every aspect of construction. We will help you build your company from the ground up, deal with challenges during a project, and resolve your dispute when it gets to the point of litigation. Our goal is to help our clients navigate the risks that are intrinsic to the construction industry, and we have the fluency and expertise to accomplish that goal.

Our Attorneys

All of our partners are board certified construction attorneys, which is a certification of special competence in construction law granted by the Texas Board of Legal Specialization. These partners include Brian Carroll, Paul Sanderford, Tom Walthall, Bethany Beck, Calvin Cowan, and Allen Wilson. Additionally, each of our associates and counsel provide premier construction law services. Those individuals are Steve Burton, Shaina Swanson, Michael Ratliff, Louyse Siegel, and Victoria Sonnier.
